What part do I sing? Check the ranges and part descriptions to help you choose the part that suits you best.

Tenor - sings a harmony part, usually above the lead. Range from F above middle C to the A above the treble clef staff. This part requires a light clear tone.

Lead - sings the melody. Range from Bb below middle C to the E in the treble clef top space.

Baritone - completes the harmony by singing above or below the lead. Range from the A below middle C to the C in the third space of the treble clef.

Bass - sings the lowest part and provides the foundation to the music. Range from F or G below middle C to the G above.

The three harmony parts (baritone, bass and tenor) support the lead to ensure that the melody is easily recognised and that the group produces a unit sound in which no voice part stands out. If you are having trouble deciding what part to sing, choose more than one and we will place you according to the balance of the group. We often limit numbers in the tenor part and we ALWAYS need more basses.

Participants should plan to arrive at Langley Secondary (21405 - 56 Ave, across from the Langley Airport) by 6:45 pm on Friday Jan. 27. A map and detailed schedule will be sent to you with your music.

The workshop runs from 7 - 9:30 on Friday, and from 9:30 am to 9:30 pm on Saturday. Lunch, dinner and snacks will be provided on Saturday for participants.

The Saturday evening show will feature the workshop chorus plus Westcoast Harmony Chorus and other special guests. If you sing with a quartet and want to perform on the show please let us know! Admission will be by donation and you should invite your fans to come cheer you on.
